CTI to Sponsor and Present at Regenerative Medicine Meetings

CTI Clinical Trial and Consulting Services (CTI), will be at two upcoming meetings in the regenerative medicine space. Members of our team will be presenting a poster at the Adult Stem Cell & Regenerative Medicine meeting, and we will be sponsoring and attending the Alliance for Regenerative Medicine Investor Day.

If you'll be attending one of the meetings below, [send us a message](#) to set up a time to meet!

The graphic features the CTI logo on the left, followed by the text "CTI CLINICAL TRIAL & CONSULTING will be at Adult Stem Cell & Regenerative Medicine". Below this is a silhouette of the New York City skyline, including the Statue of Liberty and several skyscrapers. At the bottom of the graphic, it says "March 14 in New York, New York".

Elizabeth Froese
Clinical Project Coordinator

A circular portrait of Elizabeth Froese, a woman with long brown hair, smiling.

New York Academy of Sciences Adult Stem Cells and Regenerative Medicine Meeting - March 14, 2019

If you'll be attending the Adult Stem Cells and Regenerative Medicine meeting, stop by to see Ryan and Elizabeth present their poster, "Bringing Autologous Cellular Therapy from the Academic Lab to a Multicenter Trial; Logistical Complexities of Transporting Cells."

Alliance for Regenerative Medicine Cell and Gene Therapy Investor Day - March 21, 2019

If you'll be attending the ARM Cell and Gene Therapy Investor day, [send us a message](#) to set up a time to meet!

About CTI Clinical Trial and Consulting Services

CTI Clinical Trial and Consulting Services is a global, privately held, full-service contract research organization (CRO), delivering a complete spectrum of clinical trial and consulting services throughout the lifecycle of development, from concept to commercialization. CTI's focused therapeutic approach provides pharmaceutical, biotechnology, and medical device firms with clinical and disease area expertise in rare diseases, regenerative medicine/gene therapy, immunology, transplantation, nephrology, hematology/oncology, neurology, infectious diseases, hepatology, cardiopulmonary, and pediatric populations. CTI also offers a fully integrated multi-specialty clinical research site that conducts phase I-IV trials. CTI has a passion for helping life-changing therapies succeed in chronically and critically ill patient populations. With clinical trial experience across 6 continents, CTI partners with research sites, patients, and sponsors to fulfill unmet medical needs. CTI is headquartered in the Greater Cincinnati, OH area, with operations across North America, Europe, Latin America, and Asia-Pacific. For more information visit www.ctifacts.com
